Docket No. 40-3392, License No. SUB-526

SUBJECT: HONEYWELL METROPOLIS WORKS CONFIGURATION CHANGES FOR CALENDAR YEAR 2022

In accordance with Materials License SUB-526 Condition 20, Honeywell Metropolis Works (MTW) hereby submits the following information regarding changes made during the calendar year 2022:

- Table "2022" Plant Configuration Change Summaries." This table contains the summaries of changes to the site, structures, processes, systems, components, computer programs, and activities of personnel within the identified plant features and procedures (PFAP) and safety control boundaries implemented in 2022 that did not require prior NRC approval.
- Table "Source Material License SUB-526 License Application Changes" for changes to the License Application (LA) during 2022
- Revised LA.
- No Changes were made to the ISA Summary during calendar year 2022.

All changes were reviewed using the Management of Change process as described in Section 11.1 of the License Application dated 11/2/2022

Pursuant to the procedures set forth in NRC Regulatory Issue Summary 2005-31 pertaining to submitting security-related sensitive information, the enclosed submitted herewith shall be withheld under 10 CFR 2.390 as security-related sensitive information.

If you or your staff have any questions, require additional information, or wish to discuss this please contact Mr. Sean Patterson, Regulatory Affairs Manager, at (618) 524-6341

Sincerely,

Brian Hunt
Director Chemical Plant Operations
