SAFETY EVALUATION REPORT
Docket No. 71-9319
Model Nos. MAP-12 and MAP-13
Certificate of Compliance No. 9319
Revision No. 14

SUMMARY

By letter dated November 30, 2022, Agencywide Documents Access and Management System Accession No. ML22334A253, Framatome Inc., (or the applicant) requested the renewal of its Certificate of Compliance (CoC) No. 9319 for the MAP packaging which had a CoC expiration date of February 28, 2023.

The certificate has been updated to Revision No. 14 and renewed for five years.

EVALUATION

The applicant did not request any changes in the package design, operating procedures, acceptance tests and maintenance program. No changes of contents of the package were also requested.

The staff reviewed the documents referenced in the CoC and determined that the package application was complete.

Condition No. 9 has been deleted and Condition No. 10, now renumbered Condition No. 9, has been revised to extend the CoC expiration date to February 29, 2028.

CONCLUSION

Based on the statements and representations in the application, the staff finds that this change does not affect the ability of the package to meet the requirements of Title 10 of the *Code of Federal Regulations*, Part 71.

Issued with CoC No. 9319, Revision No. 14.
