Hi Norma. Pete got your message and replied. Do you need a formal cover letter or is this email sufficient?

Rick Boyle

Chief, Radioactive Materials

USDOT, PHMSA

Rick,

The Figure 13 on page II-A-38 with translation is attached.

Peter Vescovi

Security Notice: Please be aware that this email was sent by an external sender.

Good morning,

Please provide me any updates in this regard. I am planning to develop an RSI letter and give about 1-2 week for the applicant to respond, since this is a quick turnaround. If the applicant will be sending the information in the next few days, then, there will be no need for sending a formal letter with the RSI (meanwhile, I will work on the letter, in case the information is not received).

An acceptable approach to respond to the staff's request, in acceptance space, may be to provide the translated graph in response to the staff request with the understanding that the graph will be later incorporated in the SAR.

Thanks in advance,

Norma Garcia Santos

Project Manager
Storage and Transportation Licensing Branch
Division of Fuel Management
Office of Nuclear Material Safety
and Safeguards

Importance: High

Good afternoon,

During the acceptance review, the staff noted that a portion of figure 13 on page II-A-38 in the SAR II-A is in Japanese. Please provide the translated version of the document at your earliest convenience.

Thanks in advance,

Norma Garcia Santos
