## General Comment

NRC-2023-0047-0001

Notice of a SDVOSB "Business concern" in regards to The Atomic Energy Act of 1954. Recently a "wrongful Conversion" was discovered and legal claim was made shortly after. Individuals who make legal claim must be exempt from the Petition to Intervene requirements, and given equal and fair opportunity to collect the relief stated in the Claims, in the event of winning court judgement. The amount of wrongful acts required to carry out this act is overwhelming and absolutely unconstitutional.
