Good afternoon RSO Anderson,

This is in regard to the phone call you had earlier today with Bryan Parker from the NRC. We require your training RSO training certificates to be able to proceed with the license amendment. You can provide the training documentation that was discussed (RSO/Gauge training certificates) directly to me, in the form of a signed .pdf cover letter with the certificates attached. We will be able to issue the license amendment shortly after we receive the training documentation. Please let us know if you have any questions or concerns.

Thank you,
