

UNITED STATES
NUCLEAR REGULATORY COMMISSION
WASHINGTON, D.C. 20555-0001

April 21, 2023

Mr. Billy C. Hunt
Secured Transportation Services
90 West Moreno Street
Buford, GA 30518

SUBJECT: ROUTE RE-APPROVAL APPLICATION (U.S. NUCLEAR REGULATORY
COMMISSION ROUTE NO. 217A), DOCKET NUMBER: 070-07011

Dear Mr. Hunt:

I am responding to your letter dated February 6, 2023, which requested that the U.S. Nuclear Regulatory Commission (NRC) re-approve Truck Route No. 217A, which is scheduled to expire May 31, 2023. Route No. 217A is used for transporting spent nuclear fuel.

The NRC has reviewed your application and concluded that the information you provided dated February 8, 2023, with supplemental information provided on March 28, 2023, satisfies the requirements of Title 10 of the *Code of Federal Regulations*, Section 73.37. This letter constitutes approval. The approved route is designated as Truck Route No. 217B and will expire April 30, 2028. The NRC expects your periodic review and update of the emergency telephone numbers associated with this route. Changes to emergency contact numbers do not qualify as a route deviation or change.

If you have questions on this route approval or require additional information, please contact Mr. Devonte' Hinton at (301) 415-3490, or via e-mail at Devonte.Hinton@nrc.gov.

Sincerely,

Leah Smith, Acting Chief
Materials Security Branch
Division of Physical and Cyber Security Policy
Office of Nuclear Security and Incident Response
