Subject: Status of Acceptance Review of LAR 23-006, "More Restrictive Action for Technical Specification 3.1.9" for Vogtle Units 3 and 4

Keith,

The acceptance review on the subject LAR has been slow primarily due to the issue discussed in the 4.27.23 public meeting on 3.1.9.2. Please be assured that we are working as quickly as possible to complete the acceptance review process. I will let you know the outcome which I estimate may take an additional week to 10 days.
