Subject: Getting a license

Discussion:

I talked with Mr. Hale about his previous commitment to get a license the material at the old ERP mine. He stated that he had held off, because he had a company interested in buying the mine. I stated that he was in possession of licensed material without a license and that he needed to submit a license application immediately.

He stated that he would have his engineers start this week. He also said he would call me Friday to confirm the process was started.

I told him where to find the form 313 and NUREG-1556 Volume 4.

Action Required: Await licensee application
