U.S. Nuclear Regulatory Commission
ATTN: Document Control Desk
Washington, DC 20555-0001

Docket No. 72-1040
Certificate of Compliance (CoC) No. 1040

Subject: Submittal of Application for Revision to HI-STORM UMAX CoC Amendments 0, 1, and 2

Dear Mr. Jacobs:

Holtec is pleased to submit the attached requests to revise HI-STORM UMAX CoC Amendments 0, 1, 2. The attachments contain marked up, proposed revisions of each CoC, and proposed revisions to the FSARs associated with each CoC.

Since some Holtec users have loaded the HI-STORM UMAX under the amendments included in this application, communication from those users has been included to demonstrate their acceptance of the changes in accordance with RIS 2017-05. Other HI-STORM UMAX users have already chosen to upgrade their casks to Amendment 4, which already includes these changes.

If you have any questions, please contact me at (856)-797-0900 ext. 3951.

Sincerely,

A handwritten signature in cursive script that reads "Kimberly Manzione".

Kimberly Manzione
Director of Licensing – NMSS Projects
Holtec International
