---

Ms. Elliott,

Thank you again for your visit and diligence with our teams.

As part of our action plans, attached, please find the letter of appointment we've sent to the NRC as addressed. This item was sent certified mail.

Additionally, I've discussed the situation with our Director of IT—he has confirmed for me that two of our long-time employed staff within IT leadership and involved in the process for the device are T&R.

Further actions are beginning and will continue until all needs are satisfied to recommendations.

Thank you again for your guidance and support.

Kindly,

David
