## General Comment

Information Questionnaire question!  
- question mark! How many years has this Zzzzucker pulled the wool over your eyes?

Mr. Jerome Davis,  
</br> </br>

Thank you in advance for looking into this, it is a USC Title 18.225 which has not yet been adjudicated. f\*\*\*\* child molesters watch their students in the privacy of their homes??? Who the f\*\*\* signed off on that??

</br> </br>

A conspiracy (more than foe' is all I need ya know) and a \$6million loan by State Farm to The Sullivan Properties LP with a claim to their unlawful income is a USC Title 18.215. More concerning is the lack of disclosure to the SEC about a loan in excess of \$5 million which holds the burden of the LP's tax evasion.  
</br> </br>

No Taxes paid on \$288 million in property taxes for the last ten years, which was undervalued at roughly \$22 million, as per NY DFS records, Block 803, Lot 11; inclusive of its contiguous properties all owned by the same LP; unlawful rents and leases transferred to then CIK filer 93715 (USC Title 18.21), beyond a reasonable doubt. The irony is that more than 75% of those units were empty, however those rent payments are unlawful (no certificate of occupancy), which by the FDIC is an unlawful deposit -no different than a heroin dealer depositing his ill earned money into, let's say Chase Manhattan bank?</br>

The documents in this folder should be helpful for you to prosecute them and also understand where I have my reservations, pun intended. </br>

You're welcome!
