#### PART I.D -- COMMENTS

Upon receiving your records request, we tasked the Office of Administration (ADM) and the Office of the Chief Human Capital Officer (OCHCO) to search for any responsive records. OCHCO did not locate any responsive records.

Please note that, when this office issued its response to your prior FOIA request, NRC-2021-00098, which asked for the same records, the NRC had not developed a Capital Plan (due to COVID, OMB extended the due date for agencies to submit such plans until December 2022). However, ADM staff identified the Capital Planning Summary as the record responsive to the part of your prior request seeking the Capital Programming Guide. As we informed you in that previous response, the U.S. Nuclear Regulatory Commission (NRC) made the Capital Planning Summary publicly available in ADAMS under accession number ML21096 A174. Records with an ML Accession Number are publicly available in the NRC's Public Electronic Reading Room at <http://www.nrc.gov/reading-rm.html>. If you need assistance in obtaining these records, please contact the NRC's Public Document Room (PDR) at 301-415-4737, or 1-800-397-4209, or by email to [PDR.Resource@nrc.gov](mailto:PDR.Resource@nrc.gov).

The Capital Planning Summary is the most recent version of that document; it remains publicly available in ADAMS under accession number ML21096A174. In addition, ADM staff provided us with the Capital Plan, which is enclosed with some redactions. Please refer to Part II.
