Douglas Tifft
State Liaison Officer, Region 1
U.S. Nuclear Regulatory Commission
475 Allendale Rd., Suite 102
King of Prussia, PA 19406-1415

Dear Mr. Tifft,

The Indian Point Decommissioning Oversight Board (DOB) invites the U.S. Nuclear Regulatory Commission (NRC) to make a presentation and take questions from Board members at our next meeting, to take place on Thursday, June 15, 2023 from 6pm to 9pm at Buchanan Village Hall in Buchanan, NY.¹ The DOB further requests NRC participation in a public forum on a date and time to be arranged in the July 2023 or August 2023 timeframe.

The June 15, 2023 meeting will include discussions regarding (1) the NRC's radiological public exposure limits; and (2) NRC violations issued at Indian Point – two topics of great interest to board members and the public. We request that NRC deliver: (1) a 10-minute presentation regarding the scientific methods used in establishing and updating the NRC's radiological public exposure limits, including accounting for women, children, and at-risk populations; and (2) a 10-minute presentation regarding the NRC violations issued at Indian Point, including a discussion of the NRC's process from identifying a potential violation to issuing a formal citation, and to take questions. If you wish to have more time for these presentations, we will try to accommodate you.

We request your decision to participate no later than Friday, May 19. Additional meeting details will be provided by the DOB's Executive Director Tom Kaczmarek upon your acceptance. Any questions may be directed to Mr. Kaczmarek at thomas.kaczmarek@dps.ny.gov or 518-486-2829.

Sincerely,

A handwritten signature in black ink, appearing to read "TC Congdon", written in a cursive style.

Thomas Congdon
Executive Deputy, Department of Public Service
Chair, Indian Point Decommissioning Oversight Board

¹ Note that this is a different meeting venue from the recent April meeting.
