For now, until the substitution is filed and served, please include me and Messrs. Anton and Castleman. Lucas Williams is now in private practice and is not counsel for Greenaction.

Thank you.
Best regards,
Helen

Ms. Kang

So would you, Mr. Anton, and Mr. Williams still the appropriate contacts, in addition to Mr. Castleman?

Thanks

Jim

Dear Mr. Smith –

Thanks for your email. We were just about to file a substitution of counsel. Steve Castleman, whom you know from his days at our clinic, is now at an environmental clinic at Berkeley Law School, and he'll be substituting in for our clinic. He is copied here.

Best regards,

Helen H. Kang

Subject: Status of the DOJ hold on the 2.206 Petition on Tetra Tech

Mr. Anton, Ms. Kang, and Mr. Williams:

In order to provide you with a periodic update to the current status of your Petition, which requested that the NRC revoke Materials License No. 29-31396-01 of Tetra Tech EC, Inc., I'd like to let you know that the status has not changed since the Letter of Abeyance that Michael Case provided to you on December 19, 2019 (attached) (ADAMS Accession No. **ML19309F257**). Specifically that is:

Consistent with the Memorandum of Understanding between the NRC and Department Of Justice (DOJ) to facilitate the exchange of information between agencies (<https://www.nrc.gov/about-nrc/regulatory/enforcement/mou DOJ.pdf>), the NRC will defer its decision regarding your 2.206 Petition pending the outcome of the DOJ's ongoing civil complaint against TTEC. As a result, the NRC will hold your 2.206 petition in abeyance until the legal resolution of the DOJ civil complaint. At that time, the NRC staff will reassess your petition consistent with the 10 CFR 2.206 process as outlined in Management Directive 8.11.

We will continue to monitor the status of the DOJ civil complaint and provide you with an update periodically. If you would like to discuss this, please contact myself via email address below, or my work phone, 301-415-6103.

Thank you,

Jim Smith
