Hey Bryan,

Attached is a signed PDF letter requesting the withdrawal of our RAM Lic. No. 09-32781-02MD amendment request dated 05/26/22.

A decision was made to pursue renovation of our existing Warren, MI location instead of relocating. Once I have those plans, I will be submitting those to the Agency under a separate amendment request.

Thanks

Hey Craig,

Sounds good. Could you send me a **signed** PDF letter requesting the withdrawal?? Also – just curious – what happened? Going a different direction?

Hey Sandy & Martha,

Could you please add the attached withdrawal request from Jubilant for CN631416? I will be administratively closing this action. A 665 is also attached.

One question – this action is currently on “hold” with an MS8. Do I “activate” the action again before closing it, or does that matter?

Thanks.

Bryan

Please let me know if you have any questions.

Thanks.

Bryan

Subject: Suspension of amendment request

Hey Craig,

As discussed earlier this week, I am “suspending” your amendment request under Control No. 631416. This action was opened based on your request in letter dated 05/26/22 to add a new pharmacy location in Plymouth, Michigan to NRC Lic. No. 09-32781-02MD. All this “suspension” means is that we are essentially “stopping the clock” on this action until such time that you receive a license for the facility from the Michigan Board of Pharmacy.

Once you receive that license, please notify me. Provide me a copy of said license by email and mark it “**ADDITIONAL INFORMATION FOR CN631416**”. I will then release the “hold” on the action and complete the amendment. All other aspects of the amendment have been reviewed and are in order.

Please let me know if you have any questions.

Thanks.

Bryan
