

SECRETARY

UNITED STATES
NUCLEAR REGULATORY COMMISSION
WASHINGTON, D.C. 20555-0001

June 13, 2023

To Those on the Attached List:

On behalf of the U.S. Nuclear Regulatory Commission (NRC), I am responding to the postcards you submitted to Chair Christopher T. Hanson by U.S. Mail on or about June 12, 2023, regarding the application submitted to the NRC by Nuclear Fuel Services Inc. (NFS) (Docket No. 70-143; NRC-2022-0097). NFS seeks to amend special nuclear materials (SNM) license number SNM-124. The amended license would authorize NFS to perform uranium purification and conversion services at the Erwin, Tennessee site pursuant to a contract with the U.S. Department of Energy's National Nuclear Security Administration (NNSA). Your correspondence expresses support for the appeal to the Commission filed by Erwin Citizens Awareness Network, Inc. (ECAN) of the Atomic Safety and Licensing Board's decision to deny ECAN's intervention petition.

The concerns raised in your correspondence bear on matters currently before the Commission in an adjudicatory proceeding. Given that this contested proceeding is ongoing, it would be inappropriate for the Chair or Commission to discuss or comment on these matters at this time. This is because the Commission must remain impartial during the pendency of the proceeding.

A copy of your postcards and this response will be served on the participants in the NFS license amendment proceeding and mailed via U.S. Mail to the First Presbyterian Church of Elizabethton, TN, and to those submitters who provided a mailing address on their postcards.

Sincerely,

Brooke P. Clark

The Nuclear Prayer

The Beginning and the End are in your hands, O Creator of the Universe. And in our hands you have placed the fate of this planet. We, who are tested by having both creative and destructive power in our free will, turn to you in sober fear and in intoxicating hope.

We ask for your guidance and to share in your imagination in our deliberations about the use of nuclear force. Help us to lift the fog of atomic darkness that hovers so pervasively over our Earth, Your Earth, so that soon all eyes may see life magnified by your pure light.

Bless all of us who wait today for your Presence and who dedicate ourselves to achieve your intended peace and rightful equilibrium on Earth. In the Name of all that is holy and all that is hoped. Amen.

In prayerful support of ECAN's Appeal which is before you,

Linda Sorrell

This prayer has been prayed by former Secretary of State George Shultz, and former Defense Secretary Bill Perry, and former Ambassadors Goodby and Graham.

The Nuclear Prayer

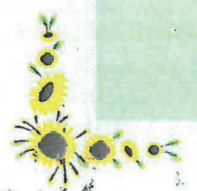

The Beginning and the End are in your hands, O Creator of the Universe. And in our hands you have placed the fate of this planet. We, who are tested by having both creative and destructive power in our free will, turn to you in sober fear and in intoxicating hope.

We ask for your guidance and to share in your imagination in our deliberations about the use of nuclear force. Help us to lift the fog of atomic darkness that hovers so pervasively over our Earth, Your Earth, so that soon all eyes may see life magnified by your pure light.

Bless all of us who wait today for your Presence and who dedicate ourselves to achieve your intended peace and rightful equilibrium on Earth. In the Name of all that is holy and all that is hoped. Amen.
