Dear RSO,

As a follow-up to our phone discussion earlier today, it was understood that a termination request per your October 5, 2022, letter would transfer all licensed materials to an active NRC License No. 21-16732-01 for which an amendment was also sought. It was also understood that **“McLaren Northern Michigan will be responsible for all licensed material and activity currently defined in License No. 21-32345”** upon termination of that license per your request. Consequently,

1. Your request to add Pedro Zamora, MD as an Authorized User for 10 CFR 35.300 on License No. 21-32345 per your amendment request letter dated November 23, 2022, may be futile since termination of that License is being sought and considered under currently requested action(s). **For each authorized user who will be listed on your “active” material license, please provide the medical, podiatry, or dental license number and issuing entity (e.g., State or Territory) to substantiate their current practice as physicians. Attach practice license copy if readily available.**
2. Your request for change of Suite number on License 21-32345 per your amendment request letter dated November 23, 2022, may be futile since termination of that License is being sought and considered under currently requested action(s). **To add additional address of authorized use to your active NRC License, please clarify the correct address of the location and provide a floor diagram.** For “Facility Diagram” as discussed in NUREG-1556, Vol. 9, Rev. 3, please provide the facility drawings for your location with suite 402 with the proposed areas of use, drawings to scale indicating principal use of adjacent rooms (office, file, toilets, closets, hallways) including areas above, beside, and below therapy rooms and PET. Locate and indicate as restricted or unrestricted areas within the current floor housing suite 420 and for floors immediately above and below that.

Dear RSO,

Your requested amendment to your license is under review at my desk and a few clarification(s) regarding your address of use is required to proceed with the requested action(s). Please reach out to me for a phone conversation during business hours 8am to 3pm M-F within this week to resolve a few of the issues surrounding address change/add request. None of the listed phone numbers on your RSO profiles went through hence this email request for clarification. My cell phone number is 925.565.3898 and listed hereunder along with my office number for ease of communication.

I look forward to speaking with you soon.

Very Respectfully
