Subject: Additional Information Request re North Kansas City Hospital Amendment Request, NRC License No. 24-18628-01, CN 635890
Date: Wednesday, June 21, 2023 7:03:00 AM

Good morning, Karen...

Our office has reviewed North Kansas City Hospital's (your) June 7, 2023 request to list Matthew J. Sigley, DO, as an Authorized User (AU) for materials listed in 10 CFR 35.100 and 10 CFR 35.300, on the referenced NRC License No. 24-18628-01, based on his being listed on Kansas Dept. of Health and Environment's (KDHE) authorizations for Dr. Sigley, as listed on Amendment No. 39 to the Saint Luke's Health System Radioactive Materials License, KDHE License No. 19-B775.

Based upon our review of the referenced KDHE license, it appears that Dr. Sigley is authorized for 10 CFR 35.100, 10 CFR 35.200, and 10 CFR 35.300 (limited to oral administration of sodium iodide I-131). In accordance with that review, we have two questions concerning your request:

1. Your NRC License No. 24-18628-01 authorizes the use of 10 CFR 35.200 in addition to 10 CFR 35.100 and 35.300. Your request was limited to requesting 10 CFR 35.100 and 35.300 authorizations for Dr. Sigley. Did you intend to omit 10 CFR 35.200 from your request? If so, please confirm that you do not wish to have Dr. Sigley authorized for 10 CFR 35.200 medical use of radioactive materials. If not, please amend your request to include 10 CFR 35.200.
2. The referenced KDHE License No. 19-B775 limits Dr. Sigley's 10 CFR 35.300 authorizations to the oral administration of sodium iodide I-131. Your request did not qualify the request for Dr. Sigley's 10 CFR 35.300 authorization to be so limited. Did you intend to request a 10 CFR 35.300 authorization without limitation? If so, please provide additional training and experience for Dr. Sigley, as outlined in 10 CFR 35.390. If not, please amend your request to limit the 10 CFR 35.300 authorization to the oral administration of sodium iodide I-131.

Please submit your response within 14 days (on or before July 5, 2023) via a signed and dated letter, attached to an email message as a pdf file.

If you have any questions for me, please do not hesitate to call or email.

Thank you.

Sara
