MATERIAL PACKAGES NO. 0970, REVISION 0

Dear Paul Jones:

Enclosed is the Quality Assurance Program (QAP) Approval for Radioactive Material Packages No. 0970, Revision No. 0, in response to your request for approval of your QAP, dated April 28, 2022, (Agencywide Documents Access and Management System [ADAMS] Accession No. ML22147A142) and supplemented by your responses to the U.S. Nuclear Regulatory Commission's (NRC) requests for additional information, dated on December 2, 2022 (ML22342A42), and March 14, 2023 (ADAMS Accession No. ML23094A163). This approval satisfies the requirements of Title 10 of the *Code of Federal Regulations* (10 CFR) 71.17(b) and 71.101(c) for a QAP approved by the NRC.

Termination of your materials license does not automatically terminate this approval. If you wish to renew, amend, or terminate this approval, please request it in writing.

This letter also serves as a reminder that if you are using or planning to use an NRC-approved packaging, you must be registered to use that packaging with the NRC. Registration for use of NRC-approved packaging's should be made pursuant to 10 CFR 71.17(c)(3).

In accordance with 10 CFR 2.390, "Public inspections, exemptions, requests for withholding," a copy of this letter will be available electronically for public inspection in the NRC Public Document Room (PDR) or from the Publicly Available Records component of the NRC's ADAMS. ADAMS is accessible from the NRC website at <http://www.nrc.gov/reading-rm/adams.html>. The PDR is open by appointment. To make an appointment to visit the PDR, please send an email to PDR.Resource@nrc.gov or call 1-800-397-4209 or 301-415-4737, between 8 a.m. and 4 p.m. eastern time, Monday through Friday, except Federal holidays.
