SUBJECT: TRIP REPORT – CLINCH RIVER NUCLEAR SITE VISIT

As part of the Clinch River Nuclear Site pre-application activities for a potential construction permit application, the staff visited the Clinch River Nuclear Site in Roane County, Tennessee, on March 28, 2023, and participated in a site tour as described in the enclosed trip report. During the visit, staff reviewed drafts of the environmental report chapters 1, 8, and 9, and discussed the applicant's approach to chapter development and work to date performed at the site after obtaining the early site permit.

Enclosure:  
As stated
