**Subject:** WDEQ discharge permit status

Dear Jaye,

In Table 1-2 of the ER, it states that permit applications to the WDEQ Water Quality Division for a WYPDES Industrial Stormwater Permit and for WYPDES general permit for stormwater discharges from construction activities would be submitted in the 2Q-3Q of 2022.

Has RER submitted these permit applications? If so, when was this done, and if not, when does RER plan now to do so?

Thank you,  
Jim
