Dear Keith and Andrew,

The purpose of this email is to acknowledge receipt of the letter from you dated June 12, 2023 , in response to the U.S. Nuclear Regulatory Commission's (NRC) letter dated May 16, 2023, transmitting a Notice of Violation.

In the June 12, 2023, letter, you , identify the corrective actions that your company has taken or plans to take to address the violations . The NRC has reviewed the corrective actions, which appear to be adequate, and has no further questions at this time. The actions Thermo-Scan Energy Management Corporation dba TSI Energy Solutions has taken, and plans to take to address the violation may be examined during a future inspection.

In accordance with the NRC's "Rules of Practice" in 10 CFR 2.390, a copy of this letter will be available electronically for public inspection in the NRC Public Document Room or from the NRC's Agencywide Documents Access and Management System (ADAMS), accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.

Hi Elizabeth,

I am mailing out today our response to both the document control desk in Washington, DC and the Regional Administrator at Region 3. I have also attached a copy of what I am sending to this email. The PDF includes both cover letters.

If I understand correctly, I do not need to enclose the documented fixes such as the Annual audit

checklist with our response to notice of violation. Please correct me if this is not accurate.

I do believe you or your office needs to see these documents as they are completed. How do I go about getting those to you or the Region 3 office?

Please let me know if there is anything else we need to do or complete at this time. Thank you!

Thanks,
