- **NRC's Clearance Officer:** A copy of the collection of information and related instructions may be obtained without charge by contacting the NRC's Clearance Officer, David C. Cullison, Office of the Chief Information Officer, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001; telephone: 301-415-2084; email: Infocollects.Resource@nrc.gov.

B. Submitting Comments

The NRC encourages electronic comment submission through the **Federal rulemaking website** (<https://www.regulations.gov>). Please include Docket ID **NRC-2023-0099**, in your comment submission.

The NRC cautions you not to include identifying or contact information in comment submissions that you do not want to be publicly disclosed in your comment submission. All comment submissions are posted at <https://www.regulations.gov> and entered into ADAMS. Comment submissions are not routinely edited to remove identifying or contact information.

If you are requesting or aggregating comments from other persons for submission to the NRC, then you should inform those persons not to include identifying or contact information that they do not want to be publicly disclosed in their comment submission. Your request should state that comment submissions are not routinely edited to remove such information before making the comment submissions available to the public or entering the comment into ADAMS.

II. Background

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the NRC is requesting public comment on its intention to request the OMB's approval for

the information collection summarized below.

1. *The title of the information collection:* 10 CFR Part 74, Material Control and Accounting of Special Nuclear Material.

2. *OMB approval number:* 3150-0123.

3. *Type of submission:* Extension.

4. *The form number, if applicable:* Not applicable.

5. *How often the collection is required or requested:* Submission of fundamental nuclear material control plans is a one-time requirement which has been completed by all current licensees as required. However, licensees may submit amendments or revisions to the plans as necessary. Reports are submitted as events occur.

6. *Who will be required or asked to respond:* Persons licensed under part 74 of title 10 of the *Code of Federal Regulations* (10 CFR), who possess and use certain forms and quantities of special nuclear material (SNM).

7. *The estimated number of annual responses:* 183.

8. *The estimated number of annual respondents:* 163.

9. *The estimated number of hours needed annually to comply with the information collection requirement or request:* 9,439 hours (939 reporting + 8,500 recordkeeping).

10. *Abstract:* 10 CFR part 74 establishes requirements for material control and accounting of SNM, and specific performance-based regulations for licensees authorized to possess, use, or produce strategic SNM, SNM of moderate strategic significance, or SNM of low strategic significance. The information is used by the NRC to make licensing and regulatory determinations concerning material control of SNM and to satisfy obligations of the United States to the International Atomic Energy Agency. Submission or retention of the information is mandatory for persons subject to the requirements.

III. Specific Requests for Comments

The NRC is seeking comments that address the following questions:

1. Is the proposed collection of information necessary for the NRC to properly perform its functions? Does the information have practical utility? Please explain your answer.
2. Is the estimate of the burden of the information collection accurate? Please explain your answer.
3. Is there a way to enhance the quality, utility, and clarity of the information to be collected?
4. How can the burden of the information collection on respondents be minimized, including the use of automated collection techniques or other forms of information technology?

Dated: September 26, 2023.

For the Nuclear Regulatory Commission.
