Subject: Change timing and scope of Mine Unit 3 ACL Application

Early in 2023 Crow Butte had expected to submit an ACL for Mine Unit 3 by the end of 2023. As data was reviewed for Mine Unit 3 and the surrounding mine units, it was determined by Crow Butte and its Subject Matter Experts that a multiple Mine Unit ACL would better represent the current state of stability at the Crow Butte mine site. Additional coring and analysis will need to be done to represent the additional mine units. Crow Butte now plans to submit a combined ACL for Mine Units 2, 3, 4 and 5. The ACL is planned to be submitted in Q3 2024.

If you have any questions, please feel free to call me at (308) 665-2215 ext. 121.

Sincerely,

A handwritten signature in cursive script that reads "Tate Hagman".
