SUBJECT: THREE MILE ISLAND NUCLEAR STATION, UNIT NO. 2– REQUEST FOR ADDITIONAL INFORMATION RELATED TO THE AMENDED POST-SHUTDOWN DECOMMISSIONING ACTIVITIES REPORT (EPID NO. L-2022-DPS-0002)

Dear Mr. Devik,

On October 27, 2022, TMI-2Solutions, LLC (TMI-2S) submitted to the U.S. Nuclear Regulatory Commission (NRC) a letter enclosing an amended Post-Shutdown Decommissioning Activities Report (PSDAR) and referenced the Site-Specific Decommissioning Cost Estimate (DCE) for the Three Mile Island Nuclear Station, Unit No. 2 (TMI-2). The PSDAR and site-specific DCE have been made publicly available in the NRC's Agencywide Documents Access and Management System (ADAMS) at Accession No. [ML22306A051](#) and [ML21084A229](#), respectively.

Paragraph 50.82(a)(4)(i) of title 10 of the *Code of Federal Regulations* (10 CFR) states that a PSDAR must contain a description of the planned decommissioning activities along with a schedule for their accomplishment, a discussion that provides the reasons for concluding that the environmental impacts associated with site-specific decommissioning activities will be bounded by appropriate previously issued environmental impact statements, and a site specific DCE, including the projected cost of managing irradiated fuel. The NRC staff has reviewed the subject submittal and determined that additional information is needed to complete its review and enable the staff to make an independent assessment regarding its technical review of the TMI-2 PSDAR, as described in the attached requests for additional information (RAIs). In order to continue the review of the TMI-2 PSDAR, please respond to this RAIs within 40 days or August 8, 2023 (attached).

In accordance with 10 CFR 2.390 of the NRC's "Agency Rules of Practice and Procedure," a copy of this letter will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records component of ADAMS. ADAMS is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.

If you have any questions regarding this request or the ongoing TMI-2 PSDAR review, please contact me.

A
