AEROTEST RADIOGRAPHY AND RESEARCH REACTOR
DOCKET NO. 50-228/LICENSE NO. R-98.

Sir/Madam,

Aerotest's obligations have changed therefore a reassessment of personnel needs is required.

I am assigning the title of Radiation Safety Officer (RSO) to Tracy Holt.

MS Holt is uniquely qualified for the direction that Aerotest Operation has chosen to pursue. Her technical background is varied with demonstrated skills required for general radiation protection and decommissioning activities. (Ms. Holt's resume is on file.) Ms. Richey will be available as a consultant; she has experience in the operation of the Aerotest's radiation safety program. (Ms. Richey's resume is on file.)

Thank you,

David M. Slaughter, PhD.
President and Reactor Administrator
