NRC Docket Nos. 50-259, 50-260, 50-296, and 72-052

Subject: **Browns Ferry Nuclear Plant - Site Emergency Plan Implementing Procedure Revision**

In accordance with the requirements of Title 10 of the Code of Federal Regulations (10 CFR) 50.54(q); 10 CFR 50, Appendix E; and 10 CFR 72.44(f), the Tennessee Valley Authority (TVA) is submitting a description of changes to the Browns Ferry Nuclear Plant (BFN) Radiological Emergency Plan (REP). The affected documents are the BFN Emergency Plan Implementing Procedures (EIPs) named below.

<u>EPIP</u>	<u>Revision</u>	<u>Title</u>	<u>Effective Date</u>
EPIP-8	0036	Personal Accountability and Evacuation	6/06/2023
EPIP-11	0015	Security and Access Control	6/06/2023

Description of Changes and Summary of Analysis

EPIP-8 Revision 36 and EPIP-11 Revision 15 contain a set of changes to the REP that were determined to be editorial or typographical in nature. Therefore, these changes were allowed to be implemented without performing a 50.54(q) reduction in effectiveness evaluation, and without prior NRC approval.

There are no new regulatory commitments in this letter. If you have any questions regarding this submittal, please contact B. F. Tidwell at (256) 729-3666.
