United States Nuclear Regulatory Commission  
Washington, DC

RE: Rare Element Resources President and Chief Executive Officer  
Application for a source material possession license (Agencywide Documents Access and  
Management System No. [ML22256A320](#)).

Dear Ms. Bolz:

This is to inform you that, effective November 1, 2022, Mr. Brent Berg has replaced Mr. Randy Scott as the President and Chief Executive Officer for Rare Element Resources, Inc (RER). Mr. Scott has officially retired from RER but will continue to provide support as a consultant for a short period of time.

Mr. Berg will assume the responsibilities described in section 7.2.1 of RER's license application Technical Report (TR) ([ML22256A322](#)), and will be a designated authorized user per TR section 7.4.

Mr. Berg's contact information is:

Mr. Brent Berg  
President & CEO  
Rare Element Resources, Inc.  
PO Box 271049  
Littleton, CO 80127  
C: 307-258-0833  
[bberg@rareelementresources.com](mailto:bberg@rareelementresources.com)

All official NRC correspondence should be addressed to Mr. Berg with a copy to Mr. Jaye Pickarts.

Please let me know if you have any questions.

Sincerely,

A handwritten signature in blue ink, appearing to read "JPB", is written over a light blue horizontal line.

Jaye Pickarts, P.E.  
Consultant  
Rare Element Resources, Inc
