---

Good evening Alan,

This acknowledges receipt of your letter dated July 21, 2023, reporting a potential medical event that occurred on July 11, 2023. The U.S. Nuclear Regulatory Commission (NRC) has reviewed your letter, in which you provided a description of the event and its cause, the effect, if any, on the individual who received the administration, the actions taken or planned to prevent recurrence, and certification that the individual who received the administration has been notified. The NRC has no further questions regarding your report at this time and will continue our review of this matter as part of the ongoing inspection of your radiation protection program.

In accordance with the NRC's "Rules of Practice" in Title 10 of the *Code of Federal Regulations* Section 2.390, a copy of this correspondence will be available electronically for public inspection in the NRC's Public Document Room or in the NRC's Agencywide Documents Access and Management System (ADAMS), accessible from the NRC's website at <https://www.nrc.gov/reading-rm/adams.html>.

Please feel free to contact me if you have any questions. Thank you!

**Ryan Craffey**
