ATTN: Document Control Desk/GLTS
U.S. Nuclear Regulatory Commission
Washington, DC 20555-0001

To whom it may concern,

The Rocky Mountain Regional VAMC disposed of two generally licensed devices by return to the manufacturer. This report is to fulfill the requirements of 10 CFR 31.5.

Attached is a copy of the receipt and transfer of the sources back to the manufacturer, Smiths Detection.

- (A) The identification of the device by manufacturer's (or initial transferor's) name, model number, and serial number:

Smiths Detection, Model APD 2000, Serial numbers 6240 and 6243

- (B) The name, address, and license number of the person receiving the device (license number not applicable if exported):

Peter Wallace
Radiation Safety Officer
Smiths Detection - Edgewood
2202 Lakeside Boulevard
Edgewood, Maryland 21040
License Number: MD-25-044-01

- (C) The date of the transfer:

Shipped: July 12, 2023
Delivered: July 17, 2023
Decommissioning Acknowledgement: July 28, 2023

Please feel free to contact me at (720) 726-0348 or cheri.douglas@va.gov or c.douglas@campphysics.com with any questions or concerns related to this report.

Best Regards,

Cheri Douglas, CHP
