They are both wrong. It should have been EPID L-2023-SPR-0003. I will see if something needs to be done on our end to correct the mistake.

Yawar, not sure this matters; however, the attached letter and SER have the following differences: The approval letter has EPID No. L-2022-SPR-0009; the SER has L-2021-SPR-0009

Kelly,

The subject amendment was issued earlier today. Jenny Tobin will provide you a copy of the non-public enclosures 1 and 2 separately. Please let me know if you have any questions.

Thank you
