Louisiana Energy Services, LLC
NRC Docket No. 11006447

Subject: Request for Revision to NRC Export License XSOU8856

Reference: 1. NRC Export License XSOU8856

Reference 1 authorizes Louisiana Energy Services, LLC, dba Urenco USA, to export source material to the United Kingdom for purposes of chemical conversion from UF_6 to U_3O_8 . Reference 1 also authorizes the return of the source material to the United States.

Due to delays in the chemical conversion and unforeseen delays in exporting samples of the uranium oxide from the United Kingdom to the US, Urenco USA desires to extend the license expiration date.

Urenco USA requests that the current expiration date of 9/30/2023 be revised to 9/30/2024. The additional time will provide for the United Kingdom consignee to obtain the necessary license for export of samples to the United States, analysis by a US entity and finally, return of the converted uranium oxide to Waste Control Specialists.

Enclosure 1 contains the completed NRC Form 7 for this amendment.
