Subject: U.S. NRC Materials License #21-04515-01 - Request for Additional Information
Date: Wednesday, August 23, 2023 9:08:00 AM

Ms. Kritzman:

I have reviewed the request dated June 23, 2023 (received on August 1, 2023), signed by Bethany Parish, Senior Director, Clinical Operations, to amend U.S. Nuclear Regulatory Commission (NRC) Materials License No. 21-04515-01 (Beaumont Hospital – Dearborn).

The request provided a closeout survey report for the location at 25045 Ford Rd., Dearborn, Michigan. Please confirm that this location should be removed from the license. In addition, please provide documentation of the transfer/disposal of licensed materials formerly stored and used at this location. Please also include a leak test report with an acceptable result for each of the sealed sources and/or devices formerly used at this location.

Please respond to this request in writing within 15 calendar days. In your signed response letter, please include a reference to your U.S. NRC Materials License Number 21-04515-01 along with Control Number 636443.

You may also contact me at (630) 829-9737 or Jason.Kelly@nrc.gov if you have any questions or if you need additional time to respond to this request.
