General Comment

The following comments apply to draft Rev 1 of NUREG-2192 and NUREG-2191 volume 2:

Revision 1 of NUREG/CR-6909 is referenced only for a clarification for temperature averaging. It should be referenced for fatigue curves and Fen formulas as well. This applies to several locations; search for 6909 to find them.

The issue date for NUREG/CR-6909 Rev. 1 is incorrect where given; please use the correct date, which is May 2018.

Regulatory guide 1.207 Revision 1 was issued final on June 2018. Please remove the notes that say "If and when published as RG 1.207, Revision 1 Final" or similar wording, and add the June 2018 date to its entry in the list of references.

The following comment applies to NUREG-2221 supplement 1 draft: You may want to add some discussion of NUREG/CR-6909 Rev. 1.
