Ed,

In response to discussions at our on-site security audit on July 26, ACU would like to request access to several documents (listed below) not available to the public. These documents would benefit ACU as we prepare the Security Plan for inclusion in ACU's MSRR operating license application and early security implementation efforts.

COMSECY-17-0008 – "Physical Protection for Non-Power Production and Utilization Facilities Intending to Produce Molybdenum-99," dated February 22, 2017

SRM_COMSECY-17-0008 – "Staff Requirements – COMSECY-17-0008 - Physical Protection for Non-Power Production and Utilization Facilities Intending to Produce Molybdenum-99," dated August 1, 2017

SECY-18-0063 – "Response to Staff Requirements Memorandum (SRM)-COMSECY-17-0008 on Physical Protection for Non-Power Production and Utilization Facilities Intending to Produce Molybdenum-99," dated June 4, 2018

SRM-18-0063 – "Staff Requirements – SECY 18-0063 – Response to Staff Requirements Memorandum (SRM)-COMSECY-17-0008 on Physical Protection for Non-Power Production and Utilization Facilities Intending to Produce Molybdenum-99," dated September 26, 2019

Thank you,

Lester
