**Subject:** RE: NRC Response letter  
**Date:** Thursday, August 31, 2023 3:55:00 PM

---

Good afternoon Keith,

This email formally acknowledges receipt of the letter from R.S. Scott Associates dated August 31, 2023, in response to the U.S. Nuclear Regulatory Commission's (NRC's) letter dated the same day, transmitting a Notice of Violation. In this letter, you confirmed the root cause of the violation as well as the corrective actions that R.S. Scott Associates has taken to restore compliance and to address the potential for recurrence. These included, among other measures, a revised bill of lading and certificates of hazmat training, which you previously provided on June 29, 2023, and a completed audit of the radiation protection program, which you previously provided on August 21, 2023.

The NRC has reviewed your corrective actions, which appear to be adequate, and has no further questions at this time. The effectiveness of these corrective actions will be examined during a future inspection.

In accordance with the NRC's "Rules of Practice" in Title 10 of the *Code of Federal Regulations* Section 2.390, of a copy of this correspondence will be available electronically for public inspection in the NRC's Public Document Room or from the NRC's Agencywide Documents Access and Management System (ADAMS), accessible from the NRC's website at <http://www.nrc.gov/reading-rm/adams.html>.

Please feel free to contact me if you have any questions. Thank you!

**Subject:** [External\_Sender] NRC Response letter

Good afternoon Ryan, I made time this afternoon to do this because I am starting a new project tomorrow and it could possibly be 8 weeks before I could get to this matter.  
Please forward to the appropriate parties.

Thank You

Sincerely

Keith J. Orban
