Jeff:

Good morning! We have a new SLO (Designate) for Montana – Brett Lloyd. He also will assume the function of Advance Notification Designee for Part 71, 73, & 37 shipments for the State. His office has sent up the Chair letter to the Governors office for signature... but we don't know exactly when that letter will be officially signed and sent to Chair Hanson.

In the interim could you please request the various websites (SLO and Advance Notification Designee) be updated with his contact info:

Mr. Brett C. Lloyd, Response Bureau Chief

Montana Department of Military Affairs
Disaster and Emergency Services Division
1956 Mt Majo Street
PO Box 4789
Fort Harrison, MT 59636-4789
(406) 417-9239 office & 24-hour contact
Brett.lloyd@mt.gov

Probably should have the SLO entry marked as “Acting SLO” until we get the letter from the Governor. FYI, he does not have a readily available FAX number for his use.

Please reach back with any questions!

Brett:

Thank you for your time and discussion yesterday. And welcome to the SLO Team! I'll be forwarding up your contact information to the NRC HQ staff to make changes to the various NRC websites to reflect that you are now the “Acting SLO” (marked as “Acting” only until we receive the official Governor's letter) and “Advance Notification Designee” for the state of Montana. If you

get an electronic copy of the signed Governor's letter, please pass it along to me as the "official" one goes by standard mail to the NRC Chair's office.

As discussed yesterday, if you have ANY questions regarding information I send out, or questions come in to you related to NRC activities (or potential NRC activities), please don't hesitate to reach out to me email or phone.

Respectfully,

Ryan D. Alexander

Good morning Brett!

As promised, attached is the REFERENCE DOCUMENT that I will use to facilitate our discussion/orientation this afternoon as you assume the role as State Liaison Officer to the NRC for Montana.

I will NOT painstakingly go through all 50 slides. Rather I will hit on the key points during our conversation and provide the document as a longer-term reference resource for you to consider as needed.

Will talk with you later this afternoon!
