Hi Lynnea –

Sorry for your difficulties. I do know that Gerald Deleon Guerrero was recently replaced with Dennis Mendiola as the special assistant for the Office of Homeland Security and Emergency Management. I'd recommend reaching out to the governor's office for official contact information. His chief of staff, Wil Castro, is a good resource –

Wil Castro

Chief of Staff

Office of the Honorable Ralph DLG Torres

Governor, Commonwealth of the Northern Mariana Islands

wil.castro@gov.mp - (670) 237-2235

Please let me know if you don't hear back or need additional assistance. I could also ask district office staff for the appropriate information.

-Herb

Subject: REQUEST: Northern Mariana Islands' Designee for the U.S. NRC's Advance Notification of Radioactive Material and Nuclear Material Shipments

Good Afternoon Herb,

I work in the Office of Congressional Affairs at the Nuclear Regulatory Commission (NRC). Our staff is conducting an annual audit of [NRC's Advance Notification of Radioactive Material and Nuclear Material Shipments Designee List](#). The designee will receive advance notification of radioactive material and nuclear material shipments through the Northern Mariana Islands.

I'm hoping you could provide the correct current contact or point me in the right direction. Below is the information from last year:

Northern Mariana Islands

Gerald J. Deleon Guerrero, Special Assistant
Homeland Security and Management
Hon. Juan A. Sablan Building
Caller Box 10007 Capital Hill
Saipan, MP 96950
Phone: (670) 287-7158
Fax: (670) 664-2218

Staff has had a little difficulty obtaining this info directly so I'm reaching out to you. Any information you could offer would be greatly appreciated.

Thanks!
Lynnea

Specific advance notifications:

- **10 CFR 37.77**, "Advance Notification of Shipment of Category 1 Quantities of Radioactive Material," requires advance written notification be provided to the licensing agency (i.e., the NRC or an Agreement State) and to affected States for shipment of licensed material in a Category 1 quantity, as established in Appendix A to 10 CFR Part 37, "Category 1 and Category 2 Radioactive Materials," before transport of the material outside the confines of the licensee's facility or other place of use or storage.
- **10 CFR 71.97**, "Advance Notification of Shipment of Irradiated Reactor Fuel and Nuclear Waste," requires advance written notification be provided to States, participating Federally recognized Tribes, and the NRC for irradiated reactor fuel and for large quantity shipments of radioactive waste outside the confines of the licensee's facility or other place of use or storage.
- **10 CFR 73.35**, "Requirements for Physical Protection of Irradiated Reactor Fuel (100 grams or less) in Transit," requires that small shipments of irradiated reactor fuel (100 grams or less) be subject to the physical protection requirements in 10 CFR Part 37. Accordingly, per 10 CFR 37.77, advanced written notification must be provided to States and the NRC for these shipments before transport outside the confines of the licensee's facility or other place of use or storage.
- **10 CFR 73.37**, "Requirements for Physical Protection of Irradiated Reactor Fuel in Transit," requires advance written notification be provided to States, participating Federally recognized Tribes, and the NRC for larger shipments of irradiated reactor fuel (greater than 100 grams) outside the confines of the licensee's facility or other place of use or storage.
