Good morning, James,

I want to follow up with you on the submittal of a consolidated request for the Model No. 435-B. As I mentioned to you, there are currently two open actions for the Model No. 435-B in process:

1. Request No. 1 dated October 20th, 2021 (ML21340A250)
2. Request No. 2 dated July 3rd, 2003 (ML23220A157)

It is not clear if Request No. 2 includes the changes requested in Request No. 1. If the latter is the case, there are the following options:

1. Send a communication withdrawing Request No. 1, and request that the staff to proceed with Request No. 2.
2. Send a communication requesting to close Request No. 1 and to proceed with Request No. 2

On the other hand, if you want both actions to remain open, I will need an explanation on the differences between the two request so we can use our resources efficiently.

I will also appreciate that you provide a shipment date (if any) or a date in which you need this action to be finalized and the corresponding rationale.

Feel free to reach out to me if you have questions about this email.

Thanks,

Norma Garcia Santos
