**Docket No.**(no hyphens): 030-16053

**Mail Control/Report No.** 635891

**Licensee Name:** CDI Infrastructure dba LR Kimball

**Participant(s) Name/Title:** William Stenger, Manager of Operations - Geosciences

Work Telephone No. 814-419-7986

Business Cellphone No. 814-243-2971 (preferred number, called)

**NRC Representative Name/Title:** Betsy Ullrich, Senior Health Physicist

**Subject:** 2023 requested name change is from a 2021 indirect change of control that was not previously known to the NRC

**Discussion:** Mr. Stenger had received my September 6 email, and has Matt Cavanaugh working on the response to the 2021 acquisition of LR Kimball by TranSystems. Because CDI / Kimball continued to operate independently at that time, and there were no changes in name, personnel, etc, they did not realize it was considered an indirect change of control that required NRC approval. He was able to confirm that TranSystems includes at least 3 companies that hold similar gauge licenses from Agreement States, and I requested he include that information in the response letter. He also stated that PADEP has already approved the name change/change of control by issuing them an entirely new license number.

I informed Mr. Stenger that we would be issuing a Notice of Violation for failing to notify us and obtain approval from the NRC prior to the indirect change of control in 2021. He asked what would be needed to be done with the NOV. I explained that they would need to respond in writing with an explanation and plans to prevent that from happening in the future.
