Hello Joe,

Acknowledged. I have updated our tracking system to October 5th.

If you require another clarification call please let me know.

Thank you,

Karl

Subject: [External_Sender] NRC RAI for Kewaunee Solutions Exemption Request for Use of the NDT for Site Restoration Expenses
Importance: High

Good Afternoon Karl,

As mentioned in our Clarification Call related to the NRC RAI for Kewaunee Solutions Exemption Request for Use of the NDT for Site Restoration Expenses held on September 13th, our team would like to request a one-week extension to the 30-day requested response date.

According to my calculations, the RAI would have been due on or before September 28th given the RAI issuance date of August 29th. I would like to amend the due date to October 5th and would like to seek your concurrence.

Thanks and regards,

Joe
