**SUBJECT: SUSPENSION OF REVIEW OF LICENSE AMENDMENT REQUEST DATED
SEPTEMBER 20, 2023, FOR EXTREME WIRELINE, INC.**

Dear Jeffrey Melancon:

We have reviewed your license amendment request dated September 20, 2023. You have requested authorization for additional sealed sources for use in well logging. Your amendment request has been docketed electronically and assigned Agencywide Documents Access and Management System (ADAMS) Accession No. ML23264A079, and has been designated as a non-publicly available document.

Based on the review, our office determined that the amendment request is lacking important amounts of information that is needed from you to continue the review and approval process. We sent you a request for information on email dated September 20, 2023. To date, that information has not been provided to our office. Accordingly, we have suspended the review of your amendment request pending receipt of additional information. This additional information consists of the following.

1. Provide the QSA Global source model numbers for the Cs-137 and Am-241 sources that you want authorized in NRC license number 43-35687-01.
2. Provide copies of the sealed source and device (SSD) registration certificates corresponding to the source model numbers that you want authorized in the NRC license or provide the SSD certificate numbers.

To continue review of your amendment request, we request that you submit your response to this letter within 30 calendar days from the date of this letter. In your response, which needs to be submitted in a signed and dated letter, please refer to the license number, docket number and control number specified below. We will assume that you do not wish to further pursue this amendment request if we do not receive a reply within the specified timeframe noted above.

J. Melancon

-2-

In accordance with Title 10 of the *Code of Federal Regulations* (10 CFR) 2.390 of NRC's "Rules of Practice and Procedure," a copy of this letter will be available electronically for public inspection in the NRC Public Document Room or from ADAMS, accessible from the NRC Web site at <https://www.nrc.gov/reading-rm/adams.html>.

Sincerely,

Roberto J. Torres, M.S., Senior Health Physicist
Materials Licensing Branch
