

Rio Algom Mining LLC

September 25, 2023

Mr. Thomas Lancaster
Project Manager
Nuclear Regulatory Commission
Mail Stop T5-A10
Washington, DC 20555-0001

**RE: RAML License SUA-1473, Docket No. 40-8905
Change in Licensee Management**

Dear Mr. Lancaster,

This letter has been prepared to inform you of recent changes in Rio Algom Mining LLC (RAML) management. Specifically, I have been appointed Regulatory Manager for BHP's Legacy Assets. As Regulatory Manager, I will retain my position on the RAML board as Vice President and continue to be the primary contact for the Ambrosia Lake West former Mill site supporting the eventual transition of the site to the Department of Energy for long-term care and maintenance.

Kevin Ramsay has been appointed the Site Manager and will be responsible for operations, maintenance, safety, and monitoring of the Ambrosia Lake West Mill site. Kevin is an experienced Operations Manager with 20 years of experience in the environmental field, including site compliance and closure work.

Please feel free to contact me at 916-947-7637.

Sincerely,

Sandra L. Ross, P.G.
Regulatory Manager Legacy Assets
