Ron,

Per below all Grant documents are public. I have attached the Assistance Agreement, the Project Narrative File, the Project Management Plan, the Budget Information Sheet and the Contact Sheet.

Quarterly Progress Reports are required by DOE. The template is attached. Would that be a useful report to be submitted to NRC to measure project status?

Thank you.

Hi Jim,

Are the Grant Award Documents public information that I can provide to other agencies? I think so but I was asked to ask you.

Thanks.
