

## Response to SDAA Audit Question

---

**Question Number:** A-11.4-4

**Receipt Date:** 07/03/2023

**Question:**

Section 11.4.1.2 lists major waste streams for wet solid waste. One of the bullets says “filter membranes and reverse osmosis.” Please clarify this bullet. Does it mean filter membranes from reverse osmosis equipment? Update the SDAA as appropriate.

---

**Response:**

NuScale is updating the third bullet in Section 11.4.1.2 to state, “reverse osmosis filter membranes” as shown below.

**11.4.1.2 Wet Solid Waste**

The WSW processing system receives and processes three major waste streams:

- radioactive spent resin and spent charcoal
- spent cartridge filters
- ~~filter membranes and~~ reverse osmosis ~~filter membranes~~
