We are only treating outpatients. We confirm that all radiopharmaceutical therapy procedures permitted by 10 CFR 35.300 performed by the licensee will be conducted on an outpatient basis, with patients releasable pursuant to 10 CFR 35.75.

At present, or at the foreseeable future we are not contemplating the use of PET-CT procedures.

7. Individual(s) responsible for radiation safety program and their training and experience. We request approval for the Radiation Safety Officer and authorized users as listed below.

a. Radiation Safety Officer: Carmelo Pérez, Medical Physicist

-Current contact telephone number: 787-432-9320

-e-mail: carwer41@hotmail.com

-Carmelo Pérez, RSO, Physicist:

1. The RSO will be given complete control and authorization when confronted with radiation safety problems that require corrective actions.
2. The RSO will notify upper management when funds are needed to facilitate the radiation safety program in relationship to regulatory oversight.
3. Mr. Carmelo Perez has several commitments as the RSO for other facilities. He will visit the facility twice each month and will be available additional time as requisition or needed by the facility.
4. The in-house representative will be the nuclear medicine technologist.
5. Mr. Carmelo Perez is available 24/7 by cellular phone to answer question. If need, he can be at the facility within 45 minutes.

b. Authorized users for medical use:
