NRC Docket Nos. STN 50-454 and STN 50-455

Subject: Submittal of Integrated Initial License Training Examination Materials

Enclosed are the examination materials Byron Generating Station is submitting in support of the initial license exam scheduled for October 16 - 27, 2023, at Byron Generating Station.

This submittal includes the Senior Reactor Operator and Reactor Operator Written Examinations and Job Performance Measures. The Integrated Plant Operation Scenario Guides along with the Completed Operating Test Quality Checklist (Form 2.3-2) and Completed Events and Evolutions Checklist (Form 3.4-1) will be provided to the NRC by August 9, 2023.

These examination materials have been developed in accordance with NUREG-1021, Revision 12, "Operator Licensing Examination Standards for Power Reactors." Please note that reference materials are attached to each individual examination question or item.

Some modifications or adjustments to the examination material may be required due to procedural changes.

In accordance with NUREG-1021, Revision 12, Section ES-1.3, Examination Security, please ensure these materials are withheld from public disclosure until after the examinations are complete.

Should you have any questions concerning this letter, please contact Ms. Zoe Cox, Regulatory Assurance Manager, at (815) 406-2800. For questions concerning examination materials, please contact Mr. Barry Mingus at (815) 406-3185.

Respectfully,

Harris Welt
Site Vice President
Byron Generating Station
