Dear Mr. Williams,

On behalf of the Connecticut Department of Energy and Environmental Protection (DEEP), I am informing you that we plan to submit Connecticut's draft application for an Agreement by February 1, 2024. The draft application will include the individual components as required by the NRC Handbook for Processing an Agreement, SA-700 of June 17, 2022.

I understand that the review of our draft application will take significant time and effort, and I look forward to working with your staff to craft the final application that will meet all of the requirements for the Agreement. We are working toward a final Agreement in 2025.

Please contact me if I can be of further assistance.

Sincerely,

Jeff Semancik  
Director, Radiation  
Bureau of Air Management  
Department of Energy and Environmental Protection
