SUBJECT: Air Products and Controls, Inc. d/b/a Apollo America, LICENSE TERMINATION
Amendment no. 8

Dear Christopher Welch:

Please find enclosed Amendment No. 8, terminating License No. 21-23805-01 as requested by your NRC Form 314 dated March 31, 2023.

An environmental assessment for this action was not required, because this action is categorically excluded under Title 10 *Code of Federal Regulations* (CFR) 51.22(c).

In your request dated March 31, 2023, and letter dated May 1, 2023, you provided records of use and material disposal documentation for Air Products and Controls, Inc. d/b/a Apollo America located at 25 Corporate Drive, Auburn Hills, MI 48326. You also confirmed that all licensed material used at this location had been removed.

Based on its review of the information, the staff has concluded that all licensable radioactive material has been removed from the location of use and residual radioactive material attributable to licensed activities in this location of use does not exceed current NRC criteria. Based on these conclusions no further remediation or actions with respect to NRC regulated material is required. Your facility at 25 Corporate Drive, Auburn Hills, MI 48326, is suitable for unrestricted use and NRC license No. 21-23805-01 is hereby terminated.
