

PREDECISIONAL ENFORCEMENT CONFERENCE SUMMARY

Individual: Employee of Radiation Solutions, LLC
License No.: 11-35111-01
Docket No.: 030-38691
IA Case No.: IA-23-015

On December 12, 2023, an Employee of Radiation Solutions, LLC, met with the U.S. Nuclear Regulatory Commission (NRC) at the Region IV office located in Arlington, Texas, to discuss an apparent violation of the deliberate misconduct rule identified by the NRC during an Investigation. The conference was held at the request of the licensee employee and was closed to public observation because it involved the findings of an NRC Office of Investigations report containing information that has not been publicly disclosed. The conference was conducted in-person with some participants attending remotely via Microsoft Teams. The list of attendees is provided as an enclosure to this summary.

During the NRC's presentation, staff discussed the apparent violation that was described in the subject investigation report and provided an overview of the NRC Enforcement Program. The licensee employee presented a summary of the individual's completed corrective actions. At the end of the discussion, the NRC representatives stated that the information presented by the licensee employee during the meeting would be considered prior to making any final decisions regarding the apparent violations.

In accordance with 10 CFR 2.390 of the NRC's "Agency Rules of Practice and Procedure," a copy of this summary and its enclosure will be made available to the Public.
